Allah is the greatest

Thank Allah good news by Allah we see a brother alone already he could not endure any more [UI] on the Muslims as I understood he was angry about the Iraq and Afghanistan War and what they did with our beloved ones in our [UI] and the innocent of them so it is all anger for the religion and but already he was captured may Allah help him and make him patient and destine for him the paradise of comfort with the Mujahidin there is no power and no strength  
save in Allah

So O my beloved brother Allah willing our strikes will not be like these strikes which take place without thinking or consulting or even the intention as the actions are by the intentions and we do not aspire to harm a person or two persons we aspire to destroy the infrastructure and who is in charge of it for this satanic nation for the return of all our lands and the blood of our beloved ones and the honor of our Prophet and the elevation of Allah's highest word in it and we will not be able to destroy Israel or recapture Jerusalem except when we obtain control over her mother her milk-nursing America so when we strike it the strike it will be the strike to the nursing first then to the other satanic infant Israel .....

And indeed thank Allah I am patient as if I am at the bottom of the sea there is no voice for me and no scent and no sense by success granted from Lord of the Worlds of course

So if I truly were to act alone I would not have joined your ranks but they are the circumstances which are happening to me at the present time they are which slow me a little so [UI] He is the Mover of the beasts the Seeing He sees my future and He directs it or slows it therefore it is a matter of time for our benefit the time to obtain my papers already approached Allah willing then it will be the moment of relief and the increase in the types of research and I cannot perform jihad alone because I do not possess the experience nor the arsenal for this I was searching for you and Allah already facilitated this for us so this is not a coincidence but the Great is behind it there is no god but Allah Muhammad is Allah's Messenger and I truly am not looking forward for it to be a single operation but they will be many many with intelligence and by using the brain which Allah granted it to me and then the movement will be against their members their embassies and their cells and their supporters around the world and I truly by Allah will be proud Allah willing at the time of my success then getting near the beloved Sheikh and moving with him and searching for destroying the members of the enemy up to what Allah has permitted He is the writer of the time and the place my Lord facilitate for us our way and prolong our Sheikh's life so that there will not be an insurrection

Allah willing I see you soon after the success of the operations or when matters are facilitated from the Lord

I am truly eager to see the brother Hussein from me to you the biggest greeting and to our beloved Sheikh may Allah give you success and grant you from His livelihood and facilitate for you in your path

And Peace and Allah's mercy and blessings be on you

Your brother  
Aba al-Ayyubi

Note

Allah's blessing be upon our Master Muhammad and upon his family and all his [UI]
